## PROFILE

Nathan has around 5 years of experience in providing innovative and intuitive end-to-end tech solutions for events, web and mobile solutions for businesses, organizations, and associations. Nathan is a self-taught developer who is constantly learning and updating himself with the latest trends in the industry.

Nathan has worked extensively with cutting-edge web and mobile technologies. He has a deep passion for technology and is on a mission to use it to make a change in the world and helping home-based, small and medium businesses to harness the power of the web and technology to improve their quality of service and the lives of their customers.
